## 1 Legislation, investments, and policies specifically focused on ensuring that all families have a home where they can thrive

### → End all forms of family homelessness:

#### **Public policy supported by One Family:**

- End family homelessness in all its forms, including families living “doubled-up.”

### → Provide emergency rental assistance to all who need it, so families experiencing a housing crisis don't lose their homes

#### **Public policy supported by One Family:**

- Help families remain in their homes by making sure emergency rental assistance is readily accessible to all households that need it.
- Restore “upstream” access to RAFT rental assistance (Residential Assistance for Families in Transition)
  - eliminate the administratively-imposed rule restricting RAFT to tenants whose landlords have already taken steps to evict them, when it may be too late.

#### **Legislation:**

- Increase state budget funding for RAFT rental assistance in FY27.
- Restore the \$10,000 annual RAFT cap, with flexibility to exceed the cap when needed to help a family keep their home.
- H.1488/S.961, *An Act providing upstream homelessness prevention assistance to families, youth, and adults*
